6.2 The Customer is responsible for ensuring that Users and TPPs disconnect and clear any information from any Device used to access the Business24 Service before such Devices are left unattended by Users or TPPs. The User shall delete from the memory of any Device any other Security Credential that is received by the User. The User should memorise any such other Security Credential before deleting it from the Device. In the case of a number being forgotten, a new Security Credential can be requested or created through the Business24 Service via the Website or the Business24 Authentication App. The Bank shall not be liable for any loss or damage arising out of or in connection with the failure of the User to delete the Security Credential from the Device upon receipt of same.

The Customer shall ensure that all instructions given by a User or a TPP, to the Bank through the Business24 Service are accurate and complete. This may include providing all necessary Unique Identifiers to enable the payee's bank and the payee's bank account to be identified. Where applicable, prior to confirming any instruction

(whether issued by that User or another User or a TPP), each User or TPP, shall ensure that the instruction is complete, accurate and correct. The User or TPP is responsible for the accuracy of each instruction which it gives or confirms, and subject only to Condition 22 of the General Conditions, the Bank is not responsible for any delay or error which arises from incomplete, unclear, inconsistent or mistaken instructions which a User or a TPP, gives to the Bank. Subject only to Condition 22 of the General Conditions, where the Bank is given incomplete instructions (for example, where the receiving bank's Unique Identifier and its name and address details do not match), the Bank shall not be liable for acting or not acting in accordance with any part of those instructions.

6.3 The Customer will pay all applicable transactional fees and charges payable for services provided through the Business**24** Service in accordance with the Bank's standard fees and charges from time to time applicable. All costs incurred by the Customer in accessing and utilising the Business**24** Service including the cost of telephone calls and internet access shall be at the Customer's expense.

6.4 The Customer shall immediately notify the Bank of any change of address.

7. NORMAL CONDITIONS CONTINUE TO APPLY

The Business**24** Service is a method of accessing and utilising internet services provided by the Bank. Accordingly, save to the extent that these Conditions provide otherwise, all Account Mandates relating to the Accounts and all General Conditions applicable to the Accounts remain in full force and effect and the Customer will ensure that Users and TPPs comply with such Account Mandates and General Conditions. In particular:

- » The User or a TPP, may not use the Business**24** Service to withdraw funds from an Account without giving the period of notice required by the terms applicable to the Account. Accordingly, any instruction for a withdrawal from an Account received through the Business**24** Service will require the User or TPP to give the notice of withdrawal required for the Account in order to enable the Bank to complete the instructions. Failure to do so may result in a delay in the execution of the instruction

or, at the Bank's discretion, a charge payable by the Customer to the Bank.

- » The User or a TPP may not use the Business24 Service to create any indebtedness to the Bank or cause any overdraft or other limit to be exceeded unless the Bank has previously agreed that indebtedness or limit. Accordingly, any withdrawal from an Account received through the Business24 Service will require the Customer to have sufficient, cleared funds in the Account or a sufficient overdraft or other limit available on the Account in order to enable the Bank to complete the instruction.
- » Where in accordance with an Account Mandate a transaction (or type of transaction) on an Account requires more than one signature to effect such transaction, the requisite number of Users (or TPPs) as per the Account Mandate will be required to effect the transaction (or type of transaction) using the Business24 Service.

8. PROCESSING OF TRANSACTIONS

It is the Bank's intention that instructions and requests received through the Business24 Service will be processed as quickly as practicable, subject to Condition 12 (p) of the General Conditions and paragraph 9 below.

Subject to the Banks' obligations under the General Conditions, a failure to meet these timescales will not however result in the Bank incurring any liability to the Customer.

9. AVAILABILITY OF SERVICES

9.1 Although it is the Bank's intention that internet Service will be available to Users 24 hours a day 365 days a year, there will be occasions when due to technical, security, maintenance, administrative or other reasons (whether within the control of the Bank or not) some or all of the Services normally available through the Business24 Service will not be available. Accordingly, the Bank may from time to time, without incurring any liability to the Customer, temporarily suspend any or all of the Services for such periods as the Bank shall determine.

9.2 The Bank shall, on giving not less than two months'

notice to Customers, be entitled to terminate permanently the Business24 Service.

9.3 The Bank may from time to time add to, withdraw, suspend, amend or otherwise alter all or any of the Services, which may be accessed and utilised through the Business24 Service. Details of the Services available from time to time will be given in the Operating Instructions. The Bank may amend, supplement or replace the Operating Instructions from time to time.

10. FEES AND CHARGES

The Bank shall be entitled to charge transaction fees and charges to Customers utilising the Business24 Service and from time to time to alter such fees and charges. Full details of all fees and charges from time to time payable by Customers for utilising the Business24 Service are available in the Fees Booklet at any branch of the Bank, via the Business24 Service or the Website. The Bank may debit a Customer's Account with any fees and charges payable by that Customer for utilising the Business24 Service.

11. ACCOUNT BALANCE INFORMATION

11.1 While the Bank currently operates a real-time online system, which enables immediate updates to Accounts, the time necessary to complete the processing of instructions and requests may vary depending on whether they can be immediately processed and the nature of the instruction or request. Accordingly the Customer acknowledges that account balance information given through the Business24 Service is as up-to-date as the Bank's systems permit at the time of the Customer's enquiry but it may not reflect transactions that are in hand, but which still have to be processed or verified. For example, it may take account of a cheque which has been lodged to the Account but which has not yet cleared, if that cheque is returned unpaid the Bank will debit the Account with the amount of the cheque. The Bank will not be liable for any loss suffered by reason of any Account balance information not being accurate or up-to-date.

11.2 Any loan account balance provided through the Business24 Service may not represent the total amount required to settle that loan account.

12. JOINT ACCOUNTS

12.1 Where an account is held with the Bank by two or more persons (a “Joint Account”) it may be accessed through the Business**24** Service. If the mandate for the Joint Account allows the Bank to act on instructions given by two or more of the Joint Account holders, then it may be accessed, but no transaction can be initiated, through the Business**24** Service.

13. TERMINATION

13.1 The Business**24** Service may be terminated by the Customer giving written notice to the Bank.

13.2 The Bank may on notice to the Customer terminate the Business**24** Service forthwith:

- (a) on giving two months’ written notice to the Customer;
- (b) upon breach, non-performance or non-observance by the Customer or any User (or a TPP using the Security Credentials of either, as relevant) of any of these Conditions or the Operating Instructions;
- (c) where there are serious grounds for doing so in the interests of maintaining security and the integrity of the system;
- (d) upon the Bank receiving written notice of the death, bankruptcy, liquidation, receivership, examinership or other contractual incapacity of the Customer

13.3 The Customer may terminate a User’s or a TPP’s authorisation to use of the Business**24** Service on the Customer’s behalf at any time and shall procure that the User or TPP ceases use of the Business**24** Service where the Customer withdraws such authorisation.

13.4 The Customer shall forthwith notify the Bank of the cancellation of a User’s authorisation to access the Business**24** Services, such notification shall be given by:

- » fax to a Bank branch; or
- » in writing either by personal delivery or post to a Bank branch.

Upon receipt of such notice, the Bank shall as soon as practicable disable such User’s Security Credentials without prejudice to any action taken by the Bank on the basis of instructions processed by such User (or a TPP

using such User's Security Credentials) prior to disabling. Disabling of a User's Security Credentials will automatically disable access to the Business²⁴ Service by any TPP using that User's Security Credentials.

13.5 Where the Customer revokes a TPP's appointment, Conditions 23 (d) and 23 (e) of the General Conditions shall apply. If a User has shared its Security Credentials with a TPP prior to 14 September 2019, the Customer should note that the TPP may still have access to the Customer's online accessible Accounts (including online accessible Joint Account(s)) unless the User, whose Security Credentials are used by the TPP, changes its Business²⁴ Number and Security Credentials through Business²⁴ or by contacting the Bank by phone. The Bank will continue to act on the instructions of any TPP unless the Customer has demonstrated to the Bank that the Customer has instructed the TPP to cease using the Account. Further details are available on the Website.

13.6 Notwithstanding the death, bankruptcy, liquidation, receivership, examinership or other contractual incapacity of the Customer, all payments made by the Bank using the Bank's Business²⁴ Services at debit of the Account shall be valid and binding on the Customer's representatives, successors or assigns if made prior to the receipt of the Bank of written notice of any such events.

14. THE WEBSITE AND BUSINESS²⁴ AUTHENTICATION APP

14.1 The Customer and each User and TPP acknowledges that his or her use of the Website and / or the Business²⁴ Authentication App is subject to the other legal terms and conditions governing the use of the Website and / or the Business²⁴ Authentication App as posted on the Website and / or accepted on the Business²⁴ Authentication App from time to time under "Legal Information", and agrees to be bound by same.

The Bank's liability in respect of transactions effected through the Business24 Service shall be governed by Condition 22 of the General Conditions.

16. SECURITY RISKS

16.1 While the Bank has taken all reasonable security precautions, the nature of communication by the internet and other electronic means is such that the Bank cannot guarantee the privacy or confidentiality of any information relating to the Customer passing by such methods. In accessing the Website and in availing of the Services, the Customer accepts that communications may not be free from interference by third parties and may not remain confidential. The use of the Website is at the Customer's sole risk.

16.2 Each User and TPP acknowledges that any SMS it sends or receives from the Bank must pass through systems operated by mobile communication service providers, and by third party technology providers (each an "Aggregator") routing SMS messages between the Bank and those mobile communication service providers. No message content is captured by the Aggregators. However the Aggregators will retain information in relation to the time and date of the SMS to or from any Device, as well as the mobile phone number associated with the Device.
